This selection policy is consistent with Special Olympics Canada policy 5000-28.

Bowling teams will be selected to fill quota based on three (3) ability groups:

Group 1...120+
Group 2...90 – 119
Group 3...<89

If the quota is one team, it will consist of athletes from group 1. If two teams, the second team will consist of athletes from group 2, etc.

Athletes will be ranked based on their flat score for all games at the Provincial Games, with their handicap factored into the calculation. The handicap will be determined by taking 90% of the difference between the athletes entering average and 180. Scores will be ranked highest to lowest. Athletes will be selected based on their rank.

TIE BREAKING:

The following will be used when breaking a tie:
a) The athletes rank in the singles event with average highest to lowest;
b) The athletes rank in the singles and doubles events with average highest to lowest;
c) Most gold medals;
d) Most silver medals;
e) Most bronze medals
