Be a fan.

Join Manitoba's compassionate army of truck drivers as the nation's law enforcement community escorts the World's Largest Truck Convoy® fundraising event across the nation to raise money for Special Olympics athletes and change attitudes about people with intellectual disabilities!

What is the World's Largest Truck Convoy?

Inspired by the powerful impact Special Olympics has had on his life through his participation in the Law Enforcement Torch Run®, combined with his family's involvement with the trucking industry, Norm Schneiderhan, a Corporal with the Orange County (Florida) Sheriff's Department, created what has become a national one-day celebration of the trucking industry to help raise money for Special Olympics.

To participate, truckers simply donate a \$100 entry fee to Special Olympics, meet at a staging location and then convoy to a predetermined destination, such as a raceway, fairgrounds or truck stop, where they are welcomed by Special Olympics athletes, families, friends, colleagues, law community, and the organizations, companies and agencies that make up the trucking industry. A celebration—a picnic, barbeque, awards ceremony, etc.—is held to recognize participating truckers and the support of the trucking industry.

**Special Olympics
Manitoba**

Special Olympics is an international organization that changes lives by promoting understanding, acceptance and inclusion between people with and without intellectual disabilities. Through year-round sports training and athletic competition and related programming for more than 2.25 million children and adults with intellectual disabilities in more than 150 countries, Special Olympics has created a model community that celebrates people's diverse gifts.

Truckers Produce Results!

From a single event held in Orlando, Florida in 2001 the Truck Convoy has expanded dramatically over the years, raising more than US\$643,000 in 2008 and US\$606,000 in 2009.

Manitoba truckers contributed approximately \$22,000 to the 2008 total and \$15,000 in 2009.

These are significant accomplishments given the state of the industry in recent years!
