

Thursday was another one for the books. Between competition, Healthy Athletes, and a little bit of exploring, Team Toba had a long, full day but still had smiles as bright as their uniforms! While it's been a little bit chilly these past few days, it hasn't deterred everyone from doing a bit of sightseeing in between games. Check out our [Facebook page](#) to see what an unforgettable experience P.E.I. has been for our Team so far!

5-PIN

Coach June Mosiondz and athletes Samantha Normand, Cheyenne Branden, and Jeremy Stephen

All the bowlers were full of excitement for day two of competition. The cheering section at 5-Pin was loud and proud yesterday. It was awesome to see so many family members and fans who made the trip out East to support our athletes. Coach June made some posters for the athletes to use while watching their teammates over the course of the week. Is there anything our coaches can't do?

Team Toba 10-Pin posing in Summerside

Over on the East side of the island, 10-Pin athletes Ann and Darbe both bowled 40 pins over their average. Wow! Dale, Darbe's dad and fellow teammate, was so excited for her. Once bowling was done, the team all met up in Summerside and went shopping, relaxed, and joined other athletes from across Canada for a movie night. We think they figured out how to strike the right balance between work and play!
