

## Finance, Risk and Audit Committee – Volunteer Opportunity

**Special Olympics Manitoba** is dedicated to enriching the lives of Manitobans with intellectual disability through sport. Our vision is that sport will open hearts and minds towards people with intellectual disabilities and create more inclusive communities.

The **Finance, Risk and Audit Committee** is a standing committee of the Board and is responsible for supporting the Board to ensure that:

- Financial interests and assets are protected;
- Appropriate financial controls, policies and oversight is in place;
- Accurate financial reporting is provided to stakeholders;
- All relevant regulatory and compliance requirements are met; and
- Risks are appropriately identified and managed.

Committee members must have sufficient financial knowledge to review and discuss financial reports, investment statements and finance policy and procedures. Meetings are held quarterly and committee members are also asked to provide guidance and advice to management and the board on ad hoc financial projects throughout the year.

If you have the required financial skills and are looking to make a difference in your community, please send a resume to Jennifer Campbell, CEO of Special Olympics Manitoba at [icampbell@specialolympics.mb.ca](mailto:icampbell@specialolympics.mb.ca) by **June 17, 2019**.
