

Hambones, and baggers, and spares, oh my! It was a jam packed start to competition for both the 5-Pin and 10-Pin athletes. 10-Pin team competition took place yesterday, with individual competition beginning today. 5-Pin bowled match play and individual yesterday, with both resuming today.

5-PIN

Asst. Coach Melissa Perron and athlete Jessica Croy

A little bit (okay, a lot) of rain the night before competition started didn't affect the team's focus. Everyone was all smiles and focused on bowling their best, and Jeremy Stephen even bowled a personal best! Three games were bowled by each athlete, with two a day for the rest of the competition. After their first shift in the morning, the athletes were able to sight-see around Charlottetown's harbour area. Taking in all the sights of the Waterfront. Those who bowled in the afternoon will get a chance to do so today.

10-PIN

Athlete Natalie Simmons

The 10-Pin team had a great first day! Bowler Natalie Simmons brought her lucky ball and hoped it would bring luck to both Team Toba and the Winnipeg Jets who played in Vegas last night. Better luck next time for the Jets. After a full day of bowling, the team headed to Cavendish for a bit of sightseeing on P.E.I.'s north coast. Everyone was excited about being so close to the ocean. They topped the night off with a visit to Anne of Green Gables house. Everyone slept well after that, dreaming of the individual competition to come, no doubt!

RESULTS

5-PIN

3 of 7 total Games played.
