Athlete Leadership Program

Special Olympics Canada provides Athlete Leadership Programs, which equip athletes with the tools to undertake positions of leadership within their community and the broader movement.

This allows athletes to explore opportunities beyond sports training and competition. These leadership roles can include public speaking, being an athlete health advocate, being a part of an Athlete Input Council, being a Peer Mentor and taking on positions as Board and Committee Members.

**Course order & date may change based on facilitator availability.*

*** There will be a fee to register for each course.*

5-Course Series
